To Whom It May Concern:

This is to confirm that Jamie Thompson has carried out many, and varied plumbing jobs on our property at the above address.

He has recently flushed our central heating system and replaced our feed and expansion tank. Prior to that he completely gutted and refitted two of our bathrooms.

We found his workmanship to be of a high standard and would highly recommend him to anyone requiring plumbing work.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Peter Boissevain', with a long horizontal flourish extending to the right.
