TO WHOM IT MAY CONCERN

Re: Zim Plumbing – James Thomson

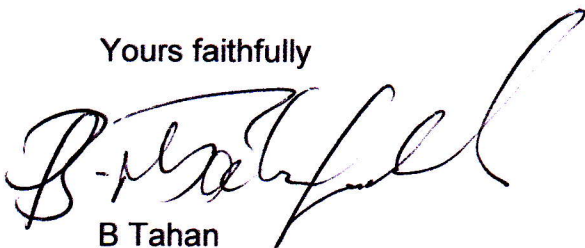

I can confirm that I have known James Thomson of Zim Plumbing for about 5 years and he has successfully completed several jobs/projects for me, both privately on my home and my parents house in Ashley Park and also commercially for my Property Development Company Churchill Homes & Estates.

At all times I have found him reliable, conscientious, honest and courteous.

The projects he has worked on included bathroom refurbishment, installation of boilers for myself and parents and full plumbing installations for a couple of my £2.5 million developments.

I'm more than happy to provide further information if required.

Yours faithfully

B Tahan
